PROCEDURAL FAIRNESS IN INTERNATIONAL COURTS AND TRIBUNALS (PAPERBACK)

[DOWNLOAD](#)

British Institute of International Comparative Law, United Kingdom, 2015. Paperback. Book Condition: New. New edition. 235 x 155 mm. Language: English . Brand New Book. Procedural fairness is a topic of contemporary importance that touches upon the jurisdictional powers, the effectiveness, and the normative/institutional framework of international courts and tribunals. Increasingly prominent in practice, it features in a wide spectrum of arbitral and judicial settlement processes, from the handling of expert evidence before the International Court of Justice, as well as the burden and standard of proof in investor-State arbitration, to the role of victims and the right to a prompt and speedy trial at the International Criminal Court. The fairness of these proceedings is a topic of fundamental importance, not only to practitioners of international law (judges, counsels, registrars, NGO lawyers, legal advisers, and other civil servants), but also to scholars of international law due to its implications for the key topic of international dispute settlement. This book frames the study of procedural fairness as the identification of fundamental principles inherent to international judicial and arbitral processes. It draws together a number of pertinent issues on specific aspects of fairness (e.g. the equality of arms principle) before international courts and tribunals within a comprehensive narrative. It brings academics and practitioners together to initiate ground-breaking research into this novel topic. The book employs a comparative approach whereby the contributors analyze the procedures and practices of various international courts and tribunals. It identifies patterns of commonality and divergence in the core standards of procedural fairness of international courts, and it develops a holistic understanding of the nature of procedural fairness and the challenges to its realization in the international judicial system. The book concludes that, while there is no universal model of procedural fairness, nascent principles of fairness are emerging in...
