

British Built: UK Architecture's Rising Generation

Filesize: 8.49 MB

Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

(Payton Miller)

Princeton Architectural Press. Hardback. Book Condition: new. BRAND NEW, British Built: UK Architecture's Rising Generation, Lucy Bullivant, For a while now the 'Young British Artists' have been soaking up the international limelight thanks to a sensibility that is at once outrageous and thoughtful. Architecture, of course, always takes a while to catch up to the other arts, but now, finally, Britain has emerged as one of the world's most fertile breeding grounds for international design talent. Catalyzed by such leading international architecture schools as the Architectural Association and the Bartlett, a new wave of architects, from home and abroad, is combining local and global styles in exciting new buildings and projects. Post-Imperial British designers are indeed synthesizing foreign cultures with Western conditions in an entirely original way. Profiling Britain's most dynamic and intriguing practices, "British Built" features projects by S333, Caruso St John, Alison Brooks, Foreign Office Architects (FOA), muf, Allford Hall Monaghan Morris, Gollifer Langston, de Rijke Marsh Morgan (dRMM), Kathryn Findlay, FAT, Adjaye Associates, Sergison Bates, Klein Dytham Architects (KDa), and Deborah Saunt David Hills Architects. "British Built," the sequel to our successful "SuperDutch," includes studio profiles and essays outlining the unique characteristics of the British architect working today and presenting an even younger generation of architects whose stars are only just appearing on the horizon, including atopia, softroom, dECOi, and Tonkin Liu, among many others.
