AUTHORHOUSE, United States, 2009. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is the result of dedicated efforts to not only find what is most real and most vital for humans to strive toward, but to achieve an increasing harmony with a transcendent Reality that may be called God. The current book is an effort to express in understandable language the author s convictions concerning important aspects of the the road to harmony with the transcendent being we call God. There are almost innumerable religions and religious sects in our troubled world, whereby billions of human beings search for ways to find inner peace and tranquility. Very often such endeavors encounter winding roads, numerous detours in the roads, and far too often major obstacles in our paths. This book seeks to serve as a general outline of how many among us might enhance the efficiency and effectiveness of our walk on the road toward true harmony with Ultimate Reality (God). This book is emphatically not one that seeks to steer its readers toward financial wealth, or a life full of sensual and secular thrills, but it does give guidance toward an ever-growing inner peace, harmony, a sense of purpose, well-being, and joy. The book can be read with serious interest and appreciation by Christians, Jews, Muslims, Hindus, Buddhists, or those oriented toward New Age ideologies. Even some strict secularists might encounter in its pages some ideas worth considering. The book is essentially nonsectarian, nondenominational, and of potential interest to any seeker of a deeper spirituality and more rewarding growth toward ultimate reality, truth, and goodness.
